DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification

Page 5, line 27:

DELETED: "roller 32"

INSERTED: --roller 12--

Allowable Subject Matter

2. Claims 1-10 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Claim 1 and its dependent claims are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein, including two drivable rollers capable of tensioning filter material, one of which being pivotally mounted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
